Subject: Establishing a Disaster Relief Fund

Dear Pastors and Beloved Members,

Grace and peace to you in the name of our Lord Jesus Christ.

We have witnessed firsthand the increasing frequency and severity of natural disasters, emergencies, and unforeseen crises affecting our congregations and communities. From hurricanes and floods to fires and displacement, these events have left many in urgent need of support, comfort, and restoration.

In response, we are prayerfully launching a **Disaster Relief Fund**—a unified initiative designed to provide swift, compassionate assistance to affected churches, families, and local communities within our network. This fund will serve as a lifeline in times of crisis, enabling us to respond with tangible aid, spiritual care, and coordinated outreach.

We humbly invite each church to **voluntarily participate** in this effort by:

Making a one-time or recurring financial contribution to the Disaster Relief Fund.

Encouraging individual members to give as they feel led.

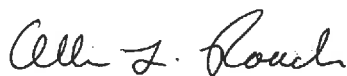

Sharing this initiative during services, newsletters, and social media.

No gift is too small. Every contribution becomes part of a larger testimony of love, unity, and readiness to serve. Together, we can build a fund that reflects the heart of Christ—meeting needs, restoring hope, and strengthening our global body.

Please send all contributions via electronic payments through our website, or via checks payable to New Born Lighthouse Church of the Apostolic Faith, and in the note area, insert: “For Disaster Fund.” Feel free to contact us at 301-499-2105 with any questions or ideas.

Thank you for your continued faith, generosity, and commitment to showing the love of Christ and providing tangible impact.

In His service,

Bishop Allen Roach

Presiding Bishop and International General Overseer
